TITLE : PUBLICATION PROVING SYSTEM,
PUBLICATION PROVING SERVER AND
PUBLICATION PROVING METHOD
FOR ELECTRONIC PUBLICIZED
OBJECT, PUBLICATION PROVING
PROGRAM FOR ELECTRONIC
PUBLICIZED OBJECT AND
COMPUTER READABLE RECORDING
MEDIUM HAVING THE PROGRAM
RECORDED THEREON

ABSTRACT : PROBLEM TO BE SOLVED: To surely prove the publication of the contents of an electronic publicized object without separately preparing a publication by a paper medium and to enable the user of the contents to easily and surely recognize the fact of alteration in the case that the contents are altered.

SOLUTION: This publication proving system is provided with a publication proving server 10 having a recovery means 13 for recovering the contents of the electronic publicized object, a signature means 15 for performing ciphering by a secret key to the contents of the electronic publicized object recovered by the recovery means 13 and imparting an electronic signature and a transmission means 11 for transmitting the contents of the electronic publicized object to which the electronic signature is imparted by the signature means 15 to an applicant and a public key management server 20 for keeping/managing the public key of the publication proving server 10 corresponding to the secret key so as to be read and browsed.
